Dear Fellow Lobos,

The annual UNM Gives Campaign provides faculty and staff an opportunity to give back to our community through either monetary donations or volunteering. Part of my passion for UNM is our sense of community – by giving to the United Way of Central New Mexico, the UNM Foundation or the many local volunteer organizations, the Lobo pack can play an instrumental role in positive change throughout our state.

Giving to others is something that is very important to me. It changes not only the recipient, but also those that give. Making a donation or volunteering our time has a profound effect on everyone. When we help those who may be struggling, it changes the way we perceive our surroundings. A strong commitment to giving can elevate a community to realities never dreamed possible.

Since the inception of this annual campaign many years ago, our faculty and staff have consistently contributed their time and money in an effort to change lives and circumstances of those around us. The challenges we face in New Mexico are unique to us, and who better to help New Mexicans than proud Lobos.

The 2018 UNM Gives Campaign will run from October 1 through December 20. It is my hope that each of you please consider participating in this year’s campaign because at UNM “each of us defines all of us” and if each of us can give a small pledge of time or money, collectively we can have an enormous impact on positive change in New Mexico.

Sincerely,

Garnett S. Stokes
UNM President
